**MAGNA MA04+ GIANT**

The Magna MA04+ is designed for rigid dump trucks operating in severe off-road conditions.

It provides excellent resistance to damage due to improved shoulder and sidewall protection and is also available in various compounds.

The deep aggressive E4 pattern provides traction and long tread life.

All steel radial construction. Improved protector plies optimize load performance and operator comfort.

New improved technology of the high-tech casing reduces heat build up inside the tyre.
